Dogger Bank A Foundation Installation Campaign

LOCATION DESCRIPTION		Dogger Bank A Offshore Windfarm
COORDINATES WGS 84	DBA OWF	See Table 1 below
START DATE/TIME		13/07/2022
END DATE/TIME		Q3 2023

Description of Hazard/Operation

The Offshore installation vessel, **Innovation**, will install monopile foundations, within the Dogger Bank A construction area.

The works will commence on the 13th of July 2022, continuing until approximately Q3 2023. The works will be continuous 24 hours a day. Charts of the DBA construction area and foundation locations are provided below. The first three foundation locations are highlighted in red. A running list of the next locations to be installed and completed foundation locations will be presented in the Weekly Notice of Operations.

During operations, the **Innovation** will be restricted in its ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessel will also transmit an Automatic Identification System (AIS) message.

During operations, a Statutory Safety zone of 500m radius will be in place around the **Innovation** during the installation of foundations. The safety zones will be monitored by a guard vessel. The primary response will be to warn passing traffic of the ongoing works and any active safety zones, and to alert any vessels where an infringement may occur or has occurred.
