DOGGER BANK OFFSHORE WIND FARM

DATE OF ISSUE:	22/08/2022
NOTICE TO MARINER NUMBER	LF500013-IAC-DOG-NOT-0003

Dogger Bank A IAC Survey Campaign

LOCATION DESCRIPTION		Dogger Bank A Offshore Windfarm
COORDINATES WGS 84	DBA OWF	See Table 1 below
START DATE/TIME		01/09/2022 (± 1 days)
END DATE/TIME		10/09/2022 (± 1 days)

Description of Hazard/Operation

The Survey Vessel, **MINTIS**, will perform Pre-Lay Survey operations in Dogger Bank A OWF Array Area.

The works are scheduled to be performed in a single campaign. The campaign is planned to commence in the first week of September and is expected to continue for 10 days. The operations will be continuous, 24 hours a day. Charts of the DBA array area are provided in Figure 1 below.

The operations consist of a Bathymetric multibeam Survey along the Inter Array Cable trajectories.

During operations, the **MINTIS** will be restricted in its ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessel will also transmit an Automatic Identification System (AIS) message.

It is requested that all vessels maintain a minimum of 1.5Nm separation distance from the Survey Vessel and pass at reduced speed.
