

NOTICE TO MARINERS

DOGGER BANK OFFSHORE WIND FARM

DATE OF ISSUE:	24/08/2025
NOTICE TO MARINER NUMBER	LF700013-MIP-DOG-NOT-0021 Rev 05

HAZARD - Dogger Bank C OWF Monopiles Unlit

LOCATION DESCRIPTION		Dogger Bank C Offshore Windfarm
COORDINATES WGS 84	DBC OWF	See Table 1 below
START DATE/TIME		28/06/2025
END DATE/TIME		30/11/2025 (Approx)

Description of Hazard

On Behalf of Dogger Bank C (DBC) Offshore Windfarm, Seaway 7 is currently installing 87 Foundation Monopiles (MP) and Transition Pieces (TP) in the Dogger Bank C Offshore Wind Farm construction area.

Prior to TP installation, the installed Monopiles are marked with temporary lighting. At some locations it may not be possible to install the temporary lighting prior to TP installation. The MPs may therefore be unlit for short periods. Where possible, the unlit MPs will be restricted to the 'in field' locations and not the periphery locations. A range of other mitigation measures will be maintained.

The construction site is marked by boundary Cardinal and Special marks, which have been updated on navigational charts by NtM.

The DBC Guard vessel, Jacobus, will broadcast a safety message alerting vessels to this hazard. All construction vessels in the DBC construction site will maintain a lookout by all available means, RADAR, AIS and visual. All non-project vessels in the vicinity of DBC will be contacted and warned of the specific hazard.

All vessels are requested to navigate with caution in the vicinity of the Dogger Bank C construction site and where possible are requested to remain outside the construction site boundary.

A programme to replace the temporary navigation lights is being undertaken. Once all are restored an update will be published and this NtM withdrawn.
