

NOTICE TO MARINERS

DOGGER BANK OFFSHORE WIND FARM

DATE OF ISSUE:	29/08/2025
NOTICE TO MARINER NUMBER	LF700013-IAC-DOG-NOT-0002

Dogger Bank C IAC Cable Installation

LOCATION DESCRIPTION		Dogger Bank C Offshore Windfarm
COORDINATES WGS 84	DBC OWF	See Table 1 below
START DATE/TIME		07/09/2025
END DATE/TIME		07/10/2025

Description of Hazard/Operation

The Cable Lay Vessel (CLV) **VIKING NEPTUN** will perform the first round of inter array cable installation works, starting around 7th of September 2025. The vessel will further be assisted by the Walk to Work Vessel **NORSIDE CETUS** for the deployment of cable pull in teams. All works will be continuous, 24 hours a day. Charts of the DBC array area are provided below.

The cable lay vessel will deploy the inter array cable onto the seabed through her dedicated deck spread. The cable will remain exposed on the seabed until trenching is performed in September/October 2025.

During operations, the **VIKING NEPTUN** and **NORSIDE CETUS** will be restricted in their ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessel will also transmit an Automatic Identification System (AIS) message.

It is requested that all vessels maintain a minimum of 1.5Nm separation distance from the vessels and pass at reduced speed. Fishing gear or other equipment with seabed intervention should not be deployed when approaching the working corridor.
